

Instructions and application for purchasing Prior refunded service with a Massachusetts contributory retirement system (commonly known as a "refund buy-back")

INSTRUCTIONS

If you were previously employed by a Massachusetts public employer and:

- during your employment you were a member of a Massachusetts contributory retirement system (either the MTRS or one of the more than 100 other local, county, regional or state systems), and
- after leaving your employment, you took a refund of your retirement account with that system,

you may be able to receive creditable service for your period of prior employment by repaying the amount of your original refund, plus interest to date, to the MTRS.

Note: Only the systems listed on page ii qualify; if you contributed to an OBRA or another similar retirement plan, and were not a member of one of the listed systems, your non-contributing service may still be eligible for purchase using either the *Other Massachusetts public service* or *Substitute, temporary, or part-time public school service* application available online at mass.gov/mtrs.

Step 1: Review this Q&A to understand the restrictions and application process

Is there any limit on the amount of previously refunded service I can buy back?

No—there is no limit on the amount of service you may purchase for time during which you were a member of another Massachusetts contributory retirement system.

How can I determine if it makes financial sense for me to purchase all—or just a portion—of my prior refunded public service?

Depending on how much creditable service you will have at the time of retirement, purchasing your prior refunded service may or may not make financial sense for you. Please be aware that a retirement allowance can be no higher than 80 percent of your allowable final salary average, and a refund buy-back, once made, cannot be refunded. So, before you decide to purchase this service, or decide how much to purchase, please consider whether you expect to be at or near the 80 percent maximum at the time of your retirement *without* this purchase.

To compare your retirement benefits both *with* and *without* this prior refunded service, visit our website at mass.gov/mtrs and use our online estimator.

Step 2: Apply to purchase this service

If you have read and understand the Q&A in Step 1, and believe that you are eligible to apply to buy back your refund, please:

- 1) **Complete** ALL of **Section 1 and 2** of the application form.
- 3) **Make** a copy of your completed application for your records.
- 4) **Submit** your completed **original** application to either our main or Western Regional office (addresses on form).

Please note that your application will not be accepted unless **ALL** sections are complete; if any required sections are not complete, your form will be returned to you for completion.

After we receive your completed application, we will review it, determine your eligibility to purchase the service, and, if eligible, send you an invoice. Along with your invoice, you will receive information regarding how you may pay for your purchase.

Fall River Retirement Board	Montague Retirement Board
Falmouth Retirement Board	MWRA Retirement Board
Fitchburg Retirement Board	Natick Retirement Board
Framingham Retirement Board	
Franklin Regional Retirement System	
Gardner Retirement Board	
Gloucester Retirement Board	

How is the cost of my refund buy-back calculated?

The cost of purchasing your prior refunded service is based on what your refunded amount originally was, plus interest*, at the actuarial interest rate in effect at the time of your application.

EXAMPLE

If you took a refund in June of 2005 of \$6,000, your cost to buy back that service would be \$6,000, plus actuarial interest from June 2005 to the date of your purchase.

Amount of refund	\$	6,000
+ Actuarial interest from June 2005 to date of purchase	+	Interest
Total purchase cost		Total cost

*EXCEPTION: If you established membership in a Massachusetts public retirement system on or after April 2, 2012, and you had previously been a member of a Massachusetts public retirement system and taken a refund of your account, you will have one year from the date that you re-entered public service to apply and pay for your refund buy-back at the lower "buyback" interest rate in effect at the time of your application. After your first year of re-entry to membership, you will be subject to actuarial interest.

Needham Retirement Board	Stoneham Retirement Board
New Bedford Retirement Board	Swampscott Retirement Board
Newburyport Retirement Board	Taunton Retirement Board
Newton Retirement Board	Wakefield Retirement Board
Norfolk County Retirement Board	Waltham Retirement Board
North Adams Retirement Board	Watertown Retirement Board
Northampton Retirement Board	Webster Retirement Board
North Attleboro Retirement Board	Wellesley Retirement Board
Northbridge Retirement Board	Westfield Retirement Board
Norwood Retirement Board	West Springfield Retirement Board
Peabody Retirement Board	Weymouth Retirement Board
Pittsfield Retirement Board	Winchester Retirement Board
Plymouth County Retirement Board	Winthrop Retirement Board
Plymouth Retirement Board	Woburn Retirement Board
Quincy Retirement Board	Worcester Regional Retirement Board
Reading Retirement Board	Worcester Retirement Board
Revere Retirement Board	
Salem Retirement Board	
Saugus Retirement Board	
Shrewsbury Retirement Board	
Somerville Retirement Board	
Southbridge Retirement Board	
Springfield Retirement Board	
State Retirement Board	

*Athol Retirement Board has been absorbed into Worcester Regional Retirement Board. If you were a member of this system, please indicate Worcester Regional Retirement Board in *section 2, line a*.

**Mass. Turnpike Authority Employees' Retirement System has been absorbed into the State Retirement Board. If you were a member of this system, please indicate State Retirement Board in *section 2, line a*.
